About the book - Casey Gerald comes to our fractured times as a uniquely visionary witness whose life has spanned seemingly unbridgeable divides. His story begins at the end of the world: Dallas, New Year’s Eve 1999, when he gathers with the congregation of his grandfather’s black evangelical church to see which of them will be carried off. His beautiful, fragile mother disappears frequently and mysteriously; for a brief idyll, he and his sister live like Boxcar Children on her disability checks. When Casey—following in the footsteps of his father, a gridiron legend who literally broke his back for the team—is recruited to play football at Yale, he enters a world he’s never dreamed of, the anteroom to secret societies and success on Wall Street, in Washington, and beyond. But even as he attains the inner sanctums of power, Casey sees how the world crushes those who live at its margins. He sees how the elite perpetuate the salvation stories that keep others from rising. And he sees, most painfully, how his own ascension is part of the scheme.

There Will Be No Miracles Here has the arc of a classic rags-to-riches tale, but it stands the American Dream narrative on its head. If to live as we are is destroying us, it asks, what would it mean to truly live? Intense, incantatory, shot through with sly humor and quiet fury, There Will Be No Miracles Here inspires us to question—even shatter—and reimagine our most cherished myths.

**Night of Camp David** (ISBN 9780525567103 $15.95)
Back in print by popular demand, this 1965 bestselling thriller by the author of Seven Days in May asks: “What would happen if the president of the U.S.A. went stark raving mad?”

Senator Jim MacVeagh is proud to serve his country—and his president, Mark Hollenbach, who has a near-spotless reputation as the vibrant, charismatic leader of MacVeagh’s party and the nation. When Hollenbach begins taking MacVeagh into his confidence, the young senator knows that his star is on the rise.

But then Hollenbach starts summoning MacVeagh in the middle of the night to Camp David. There, the president sits in the dark and rants about his enemies, unfurling insane theories about all the people he says are conspiring against him. They would do anything, President Hollenbach tells the stunned senator, to stop him from setting in motion the grand, unprecedented plans he has to make America a great world power once again….

MacVeagh comes away from these meetings increasingly convinced that the man he once admired has lost his mind. But what can he do? Who can he tell? How can one man convince the highest powers in Washington that the president of the United States is dangerously unstable—before it’s too late?

**Milkman** by Anna Burns (ISBN 9781644450000 $16.00)

In an unnamed city, middle sister stands out for the wrong reasons. She reads while walking, for one. And she has been taking French night classes downtown. So when a local paramilitary named Milkman begins pursuing her, she suddenly becomes “interesting,” the last thing she ever wanted to be. Despite middle sister’s attempts to avoid him—and to keep her mother from finding out about her maybe-boyfriend—rumors spread and the threat of violence lingers. Milkman is a story of the way inaction can have enormous repercussions, in a time when the wrong flag, wrong religion, or even a sunset can be subversive. Told with ferocious energy and sly, wicked humor, Milkman establishes Anna Burns as one of the most consequential voices of our day.

Plum’s pure heart grants her an unexpected reward. When she eats a cake left behind by a mysterious magician, she is transported into the Land of Sweets. But Christmas here is threatened, too—by a sourness that is spreading from the center of the land. Plum’s determined to help, and in doing so, she might just find the family she’s always dreamed of, thanks to a good heart—and Christmas magic!
