More than 26 Million US Viewers Watched Part of Stranger Things Season 3 in Its First 4 Days

Stranger Things isn't just a pop culture phenomenon and product-placement bonanza for Netflix. The show's third season is now the most-watched original programming debut on the streaming service, according to both Netflix and Nielsen.

Per the ratings service's SVOD content ratings, the eight episodes of Stranger Things 3 had an average minute audience—the closest approximation for streaming shows to Nielsen's average viewership on linear TV—of 12.8 million viewers over its first four days of release.

At least 26.3 million Americans caught at least some portion of the show over the course of the four-day holiday weekend.

Netflix revealed its own streaming data about the series, saying that more than 40.7 million global household accounts had watched the show during the weekend. (CNBC)

The streamer further said 18.2 million of those accounts finished all eight episodes in the first four days following launch.

Don't forget to check out our **Game of Thrones** [SHOWCASE](#)

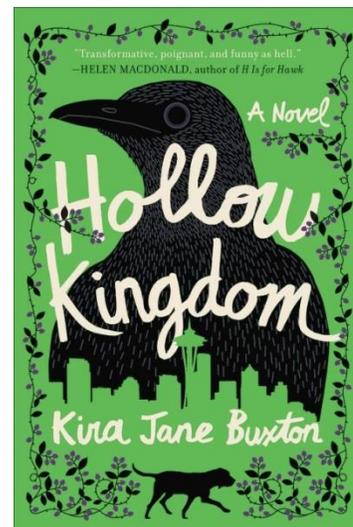

Releasing in August

Hollow Kingdom by Kira Jane Buxton (ISBN 9781538745823 \$26.00)

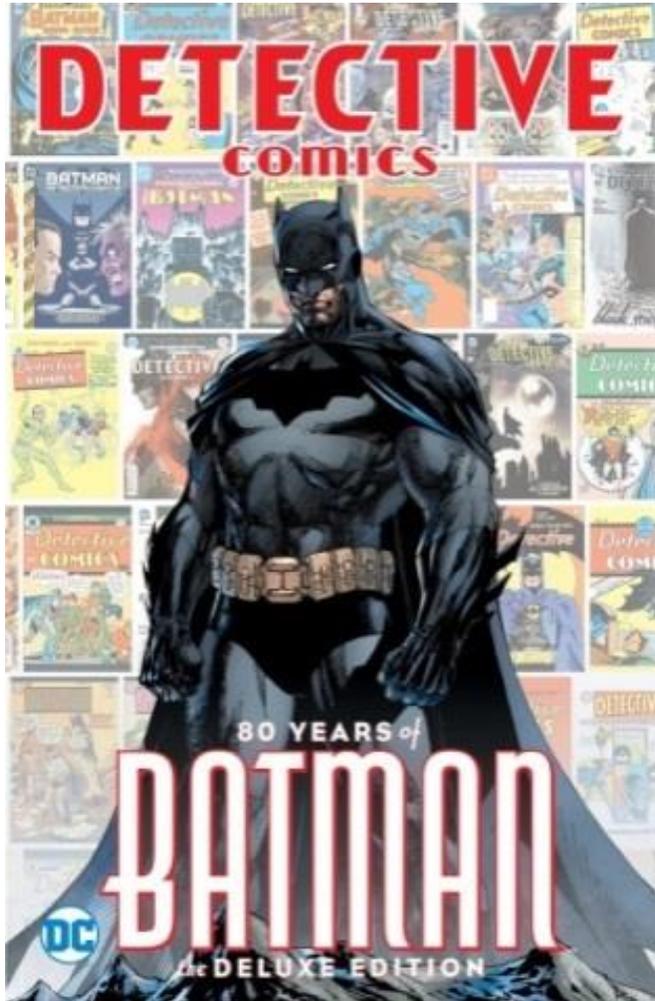

S.T., a domesticated crow, is a bird of simple pleasures: hanging out with his owner Big Jim, trading insults with Seattle's wild crows (those idiots), and enjoying the finest food humankind has to offer: Cheetos®.

Then Big Jim's eyeball falls out of his head, and S.T. starts to feel like something isn't quite right. His most tried-and-true remedies--from beak-delivered beer to the slobbering affection of Big Jim's loyal but dim-witted dog, Dennis--fail to cure Big Jim's debilitating malady. S.T. is left with no choice but to abandon his old life and venture out into a wild and frightening new world with his trusty steed Dennis, where he discovers that the neighbors are devouring each other and the local wildlife is abuzz with rumors of dangerous new predators roaming Seattle. Humanity's extinction has seemingly arrived, and the only one determined to save it is a foul-mouthed crow whose knowledge of the world around him comes from his TV-watching education.

Hollow Kingdom is a humorous, big-hearted, and boundlessly beautiful romp through the apocalypse and the world that comes after, where even a cowardly crow can become a hero.

Detective Comics: 80 Years of Batman Deluxe Edition (ISBN 9781401285388 \$29.99)

It's the anniversary of one of the most indelible cultural landmark moments in American history!

Batman 80th Anniversary Plans Unveiled by DC and Warner Bros. - [HERE](#)

On Batman Day, September 21, the Bat-Signal will light up in major cities worldwide, alongside a wide array of fan celebrations, including interactive photo opportunities, live music, food, games and more. Plus, fans will race across the finish line in their favorite Caped Crusader attire in a series of 5K and 10K runs in select cities. Sept. 21, is this year's annual Batman Day.

Fans of the DC Universe may know her best as a troubled superhero, but in her new novel **Teen Titans: Raven** (ISBN 9781401286231 \$16.99), the brooding teenager shows you don't need to be half-demon to struggle in high school--and you

"Once you start reading *Teen Titans: Raven*, you won't want to stop."
—Stephanie Garber, #1 *New York Times* bestselling author of the *Caraval* series

#1 NEW YORK TIMES & USA TODAY BESTSELLING CO-AUTHOR OF *BEAUTIFUL CREATURES*

KAMI GARCIA

don't need a super-team to find a new family, either. Go [HERE](#) for the full article

About the book - When a tragic accident takes the life of 17-year-old Raven Roth's foster mom—and Raven's memory—she moves to New Orleans to recover and finish her senior year of high school.

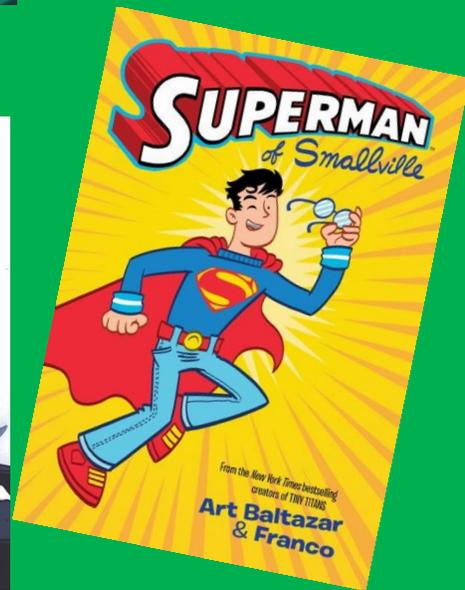

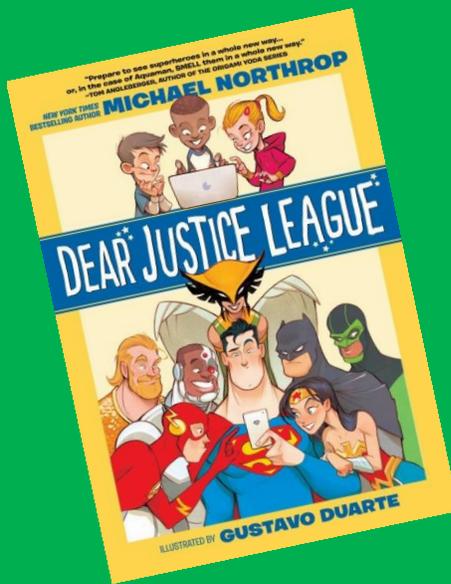

Starting over isn't easy. Raven remembers everyday stuff like how to solve math equations and make pasta, but she can't remember her favorite song or who she was before the accident. And when impossible things start happening, Raven begins to think it might even be better not to know who she was before.

But as she grows closer to her new friends, her foster sister, Max, and Tommy Torres, a guy who accepts her for who she is now, Raven has to decide if she's ready to face what's buried in the past...and the darkness building inside her.

From #1 *New York Times* bestselling author Kami Garcia and first-time graphic novel artist Gabriel Picolo comes this riveting tale of finding the strength to face who you are and learning to trust others—and yourself.

At the Annual Library Association's annual convention, DC Comics announced an epic slate of new young adult and middle-grade graphic novels for release in 2020/21.
